

Party hearing regarding continued suspension of the youth benefit

Dear parent

This letter is available in other languages by clicking on the link at the end of this letter.

I am writing on behalf of the head of department at UU Copenhagen. I am writing to you because, according to our information, your child is still not engaged in education, work or another activity.

It has still not been possible to get in touch with you to find out what your child is doing and possibly hold a meeting to talk about your child's education plan.

I therefore ask you to contact me before - see the date in the letter sent to your e- box

You can send an email or call me.

UU will continue to recommend that the municipality of Copenhagen maintains stopping the youth benefit for your child. We do this because we consider that the obligation to be in education, work or other activity is still not fulfilled.

The recommendation will be sent to the municipality's Sanctions Unit. It is the Sanctions unit that makes the decision to maintain the suspension of payment of the youth benefit.

UU Copenhagen must supervise that young people comply with their duty to be in education, in a job or other activity.

If UU Copenhagen considers that the young person does not fulfill his obligation to be in education, in a job or other relevant activity, we can recommend the municipality to stop payment of the youth benefit.

You can read more about the rules in Duty notice:

<https://www.retsinformation.dk/eli/Ita/2019/1014>

I have inserted the text from the Duty Notice at the end of this letter.

In special cases, the young person can be temporarily or permanently exempted from the duty.

If you have any questions, please feel free to contact me.

With best regards

Coordinator

On behalf of

Charlotte K. Jørgensen
